Island Thinkin'

Seranation

(Verse 1):
Nothin but oceans is all I see
It's sink or swim so come and drown with me 'cause I'm not runnin away like a private stuck on the rocks and it's sippin' like it's 5 O' Clock
The water is clear is my intentions
My intention's on your dimensions
So I guess I'm gonna kick it for a hot min
I'm about to get lost in it

(Hook):
Island thinkin' is keepin' me around
Island thinking's never let me down, let me down
I give to my friends, turned off my phone, got things to do, and I should probly go home
But oo, oo, ooooo
This island thinkin's keepin me around

(Verse 2):
Tell me where you wanna go 'cause I can take you there
Short drive, long night, wakin' up without a care
White sand, holdin' hands, put a thraw in the air
It's a state of mind so we can do it anywhere
Now I'm drunk off you & you're high on me, makin' our escape from reality
That's the island mentality
And there's no place that I'd rather be.

(Hook x1)

Island time is where we stay at home
& we gon party all night to the break of dawn
We be sinkin' and swimmin' 'til the tides come in
We keep it rolled up until the cops pull in
Gonna sip it on ice, mix it up, mash it up
Tippin' the back until there's nothin left in your cup
Have a good time you whilin' Yeah
That's how we do it on the island

(Hook x2)
