

# Love Of My Life

Brian McKnight

First, first time I looked into your eyes  
I saw Heaven, oh, Heaven in your eyes  
Everything I did before you, wasn't worth my while  
It should've been you, you all the time I'd do anything and everything to please you  
You know how much I need you  
You're always, always, on my mind You're more than wonderful, more than amazing  
The irreplaceable love in my life  
You're so incredible, here in these arms tonight  
The irreplaceable, love of my life Always, seems like a reality  
Forever, don't seem so far away  
All I wanna do, all I wanna feel, all I wanna be is close to you  
Everyday, is my lucky day All I wanna do, is love you  
I place no one above you  
I'll tell you why You're more than wonderful, more than amazing  
The irreplaceable, love, love, of my life  
You're so incredible, here in these arms of mine  
The irreplaceable, love of my life Baby, you know, you know you're my one and only  
All I wanna do is be together  
Sugar, you know, I'll never leave you lonely  
In your eyes, in your eyes, I see forever You're more than wonderful, more than amazing  
The irreplaceable, love of my life  
You're so incredible, here in these arms tonight  
The irreplaceable, love, love, of my life
