Sent to Destroy (Accessory Remix)

Combichrist

Iron boots, we're walking tall
With pride we'll walk all over you
Steel grip, we'll hold you down
On a leash, we're coming throughMetal teeth, a diamond smile
Mechanical jaws, a two ton bite
With winter frost, an atomic pile
We stand the ground where the big dog's fightDivine inferno, hell on ice
Heaven's burning, sacrifice
Divine inferno, hell on ice
Heaven's burning, sacrificeYour God sent us to destroy
Your God sent us to destroy
Your God sent us to destroy
Your God sent us to destroyYouNuclear war, behind glass walls
We long for the storm, we stray from our path
Feel the walls, closing in
Chasing our trails, we're feeding our wrathMetal teeth, a diamond smile
Mechanical jaws, a two ton bite
With winter frost, an atomic pile
We stand the ground where the big dog's fightDivine inferno, hell on ice
Heaven's burning, sacrifice
Divine inferno, hell on ice
Heaven's burning, sacrificeYour God sent us to destroy
Your God sent us to destroy
Your God sent us to destroy
Your God sent us to destroyYou
You
YouYour God sent us to destroy
Your God sent us to destroy
Your God sent us to destroy
Your God sent us to destroyYour God sent us to destroy
Your God sent us to destroy
