

Talkin' to Myself Again

Shelby Lynne

Good mornin', darlin'
Can I bring you some coffee in bed?
Did you sleep well?
We got a full day ahead
I love you too dear, I love you tooTalkin' to myself again
Ever since he left, that's how it's been
Goin' crazy, playin' just pretend that everything is still ok
Talkin' to myself again
Without his lovin' I am at loose ends
If I'm not careful they will have to send someone to lock me awayGood night honey
Sure had a beautiful day
Ain't we lucky to have each other this way
I'm so happy too, dear
So happy tooTalkin' to myself again
Ever since he left, that's how it's been
Goin' crazy, playin' just pretend that everything is still ok
Talkin' to myself again
Without his lovin' I am at loose ends
If I'm not careful they will have to send someone to lock me away
Talkin' to myself again
