The Only One

[Donna Summer](#)

If you went away
And I had to live my life without you
If the loving died
I just don't know what I would doAll my life I've been
The one to cry when things went wrong
Oh, oh, all of my life
I've been the lonely oneDon't tell me now I'm not the only one
Don't break my heart, say I'm the only one
You promised me a love forever
So let me never ever hear you say
I'm not the only oneI believe in love
And I built my life around you
I believe in us
And I'm sure that all our dreams will come trueSo don't ever say
There's someone else inside your heart
Someone else to take my place
And tear our love apartDon't tell me now I'm not the only one
Don't break my heart, say I'm the only one
You promised me a love forever
So let me never ever hear you say
I'm not the only oneAll my life I've been
The one to cry when things went wrong
Oh, oh, all of my life
I've been the lonely oneDon't tell me now I'm not the only one
Don't break my heart, say I'm the only one
You promised me a love forever
So let me never ever hear you say
I'm not the only oneDon't tell me now I'm not the only one
Don't break my heart, say I'm the only one
You promised me a love forever
