2 Times Dead

Brides Of Destruction

Well, I can feel compassion
I can feel your pain
I can see you slippin' down the drain
It's so insane right before you crack
Such an evil curse infected head
And the voices say you'll end up dead
Like Nostradamus right before you crack
Yea, if you're goin' out
Next time around
You'll be six feet down if you're goin' out
If you're goin' out
Next time around
You'll be six feet down if you're goin' out
I can see your monster makes you shake and tweeze
Crawling on your back watch your sanity freeze
Right before you die, right before you crack
Keep this a secret, don't tell a soul
Your losing grip of self control
Maybe pray to God right before you crack
Yea, if you're goin' out
Next time around
You'll be six feet down if you're goin' out
If you're goin' out
Next time around
You'll be six feet down if you're goin' out
I can see your monster
He can see you shake
I can see your monster
Wait for you to break
It's not a secret
Words on the street
Pray for Mother Mary for my soul to keep
Pray to your God
Pray to your demons
Have I not bowed?
Have I not bowed?
If you're goin' out
Next time around
You'll be six feet down if you're goin' out

If you're goin' out
Next time around
You'll be six feet down if you're goin' out
If you're goin' out
Next time around
You'll be six feet down if you're goin' out
