Je Ne Regrette Rien

Cinema Bizarre

We all have our secrets
They're better left unsaid
We all have our issues
That we want to forget
I was getting kicks
Out of my box of tricks
I was playing with her mind
Planting bombs to get inside
But now my favorite toy
Has left and she said
There's no regrets
Why's love and hate
Always a step ahead
What's left caught in betrayal
We failed
Je ne regrette rien
We failed, we failed, we failed
Je ne regrette rien
It was all so cozy
Her world od lillipinks
Rubbing all my glitter
On my litter to sink in
Washing with the paste
She used for the gaze
I was cutting up her edges
With disgrace but now my favorite toy
Has left and she said
There's no regrets

Why's love and hate
Always a step ahead
What's left caught in betrayal
We failed
Je ne regrette rien
There's no regrets
Why's love and hate
Always a step ahead
What's left caught in betrayal
We failed

Je ne regrette rien
I am Jekyll when I'm Hyde
I'm a demon locked inside
I am restless when I sleep
I'm the beauty and the beast
She knew me, yet she said
There's no regrets
Why's love and hate
Always a step ahead
What's left caught in betrayal
We failed
Je ne regrette rien
We failed, we failed, we failed
Je ne regrette rien
We failed, we failed, we failed
Je ne regrette rien
