How I Made It

Mario Winans

Yeah, this song right here is about a young man
Who's endured a lot of twists and turns in his life
'Cause he always kept his head up, stayed focused
This man's name is Mario Winans, listenWhat makes you think I can't make it?
Put me to the test, I'll take it
I've been through more trials but I've overcome all of them
And I've never been one for fakin'
I kept on movin' and shakin' and that's how I made itI've seen it all but I never let no one
Tell me what's right, when it's wrong
'Cause I heard it all before
And it gives me a reason to fight for a right for, to do what I gotta doWhat makes you think I can't make it?
Put me to the test, I'll take it
I've been through more trials but I've overcome all of them
And I've never been one for fakin'
I kept on movin' and shakin' and that's how I made itAll of my life I was told that you had to go through
Just to get where you want and if you come across a storm
You just gotta keep holdin' on and stay strong
And do what you gotta doWhat makes you think I can't make it?
Put me to the test, I'll take it
I've been through more trials but I've overcome all of them
And I've never been one for fakin'
I kept on movin' and shakin' and that's how I made itCheck it out, yo, hey yo, hey yo
I came from the bottom, worked my way up
Ran wit big dudes, had to get my weight up
Now my cake up, now it's lights, cameras, make up
Trips to Jacob, foreign countriesReminisce of times when we all was hungry
Now I made it, know y'all niggaz that hate it
Seeing that I sound like Mase and
Knowing that I came from the basement, did my own thing, so face itNow they coming wit cases, now with this hand I'm racist
I'm so close I can taste it
Sometimes I just want to grab, toast and take it
But I'm a keep moving and shaking
Stay true to my faith and I ain't worried about you, I'm a make itWhat makes you think I can't make it?
Put me to the test, I'll take it
I've been through more trials but I've overcome all of them
And I've never been one for fakin'
I kept on movin' and shakin' and that's how I made it
