

# I Hate School Rules

## Exciter

I got up late, five to nine  
I missed the bus, I'm losing my mind  
Another day I'm off to school  
Another day to break the rules  
Got caught smokin' in the halls  
The principle is after my balls  
Teachers here don't understand me  
I just wanna be free - Say itI - Hate - I hate school rules - Hate school rules  
I - Hate - I hate school rules - Hate school rules(Where's your homework?) - I ain't got it done  
I'd like to change the way things are run  
They met my mom at the PTA  
And said "Your son skipped school today"  
Got caught writing on the walls  
All my teachers are after my balls  
Detention halls are not for me  
I just wanna be free - Say itI - Hate - I hate school rules - Hate school rules  
I - Hate - I hate school rules - Hate school rules  
I - Hate - I hate school rules - Hate school rules  
I - Hate - I hate school rules - Hate school rulesThree o'clock and I run for the door  
I can't take these rules no more  
The teacher grabs me by the hair  
"Sit down boy, you ain't goin' nowhere"  
I sold my books to buy a guitar  
I don't need school to be a star  
My only "A" became an "E"  
I don't need no degree - AlrightI - Hate - I hate school rules - Hate school rules  
I - Hate - I hate school rules - Hate school rules  
I - Hate - I hate school rules - Hate school rules  
I - Hate - I hate school rules - Hate school rulesI hate school rules
