

Broken Pieces

[Rob Houchen](#)

I was standing waiting in line,
Watch the tide wash over my mind,
For a mask every word I spoke,
would fade away in a cloud of smoke,

Loving me it donâ€™t come easy,
Like picking up the broken pieces,
But somehow you know how to heal me,
Ya heal me,
Ya heal me,
ya heal me,

Cosâ€™ your invincible,
How do you do this thing to me,
I let you take control and be my perfect enemy,
Your invincible,
how do you do this thing to me,
Donâ€™t care if I donâ€™t know cos your my perfect enemy,

Left my life everything that Iâ€™d known,
Left it all on the side of the road,
Watched each piece of me fall in slow motion,
You heard my call when my heart was open,

Loving me it donâ€™t come easy,
Like picking up the broken pieces,
But somehow you know how to heal me,
Ya heal me,
Ya heal me,

Cosâ€™ your invincible,
How do you do this thing to me,
I let you take control and be my perfect enemy,
Your invincible,
how do you do this thing to me,
Donâ€™t care if I donâ€™t know cos your my perfect enemy,

I canâ€™t breathe no,
no one else could give me something better,
I canâ€™t breathe no,

No one else could give me something better,
I can't breathe no,
Somehow you know how to heal me,
Ya heal me,
Ya heal me,
I can't breathe no,
Somehow you know how to heal me,
Ya heal me,
Ya heal me,

Cos' your invincible,
How do you do this thing to me,
I let you take control and be my perfect enemy,
Your invincible,
how do you do this thing to me,
Don't care if I don't know cos your my perfect enemy,
