

# Break the Walls

## Fitz and The Tantrums

Say whatever comes our way  
You'll always feel the same  
Through my eyes, my eyes  
Only colors of love  
Whenever you're around  
The things I've lost I've found, I found in you  
Under the stars, I walk with you bright as the moon  
Your face is like an angel shining  
Break the walls around my heart  
'Cause I believe you're the only one  
To set me free, break the walls  
The walls around my heart  
Take the sadness from my soul  
No stranger to pain, it's like rain so cold  
And now you fill my thoughts with love  
A love that rises above  
And when you look to the sky  
I know why I believe  
Under the stars, I walk with you bright as the moon

Your face is like an angel shining  
Break the walls around my heart  
'Cause I believe you're the only one  
I'll ever need, break the walls  
The walls around my heart  
The walls around my heart  
The walls around my heart  
The walls around my heart  
The walls around my heart  
Break the walls around my heart  
'Cause I believe you're the only one  
I'll ever need to set me free, break the walls  
The walls around my heart  
And never be apart  
The walls around my heart  
The walls around my heart  
The walls around my heart  
The walls around my heart
