

# My Yesterday

## MINGO FISHTRAP

Time rolls on by,  
Why can't I fly fly away  
Well I'm gone in my head  
Have you seen my yesterday?  
yeaaaah

Well I can't remember,  
Oh, Just settin' it down,  
Getting myself together  
catching a yellow cab downtown  
Somebody must have stole it, girl,  
Cuz' it's sure gone now

Won't somebody help me find my yesterday somehow

Chorus:

I said  
Time rolls on by,  
Why can't I fly fly away  
Well I'm gone in my head,  
Have you seen my yesterday?

I get so lonesome,  
Oh, I can't recall just why my heart is breaking  
If you help me darling we can rediscover  
just what I did to mend the love  
we were making

Chorus

If I could find her  
Then I would tell her  
She was my Snow White,  
My Cinderella  
My only reason I'm tryin' to remember  
If I could hold her,  
Try to explain  
"I'd do it all over, start over again"  
When the whole damn thing fell down around me:

Chorus

Have you seen my yesterday? x3  
[Fade out with vocalization]

---
