Staircase

Radiohead

I walk down the staircase.
A magnetic pull
Back to the other place
Where I cannot go
I'm sittin' in a chopper
To steal you away
Let it go
Let me take control
Let me take control
The pot is full
of secrets to be told

Secrets to be told
and I'll always...
I always will
The pot is full
so let me take control
let me take control
The pot is full
of secrets to be told
Secrets to be told
I walk down the staircase
with a handful of pills/
What can I do?
