

First Class

Jeff Bernat

Verse One:

Pack up your bags,
And we can take a trip to Tokyo
Me and you together in first class
On a jet planeWe'll watch a movie
And maybe even have a drink or two
While leaning back in our seats in first class

On a jet planeChorus:

Let's just travel the world
15 hour flights with my favorite girl
Party on the second floor of the plane
We're riding first class

Verse Two:

India, London, Manila, Paris, Spain, Seoul Korea too
All around the globe while sitting first class
On a jet planeDance with me, above the ocean

Kiss me underneath the sunChorus:

Let's just travel the world
15 hour flights with my favorite girl
Party on the second floor of the plane
We're riding first class
