

Pass It On

The Coral

Every day I recognize
What's deceased and what's alive
But don't repeat what I just said
Until boulders turn to lead Then all the tales will be told
Whilst you and I are in the cold
But don't think this is the end
'Cause it's just begun my friend And when it's done
And all this is gone
Just find the feeling, pass it on For every tear cried in shame
There'll be someone else to blame
And every crime that I commit
There'll be a punishment to fit But I'd accept what's coming round
If I could only lose this sound
That's been ringing in my ears
And tormenting me for years When it's done
And all this is gone
Just find the feeling, pass it on And when it's done
And all this is gone
Just find the feeling, pass it on
Just find the feeling, pass it on
Just find the feeling, pass it on
Just find the feeling, pass it on
