Truth (Alexander Ebert Cover)

Truth
The truth is that I never shook my shadow
And every day it's trying to trick me into doing battle
Calling out "faker" only get me rattled
Want to pull me back behind the fence with the cattle
Building your lenses
Digging your trenches
Put me on the front line
Leave me with a dumb mind
With no defenses
But your defenseless
If you can't stand to feel the pain then you are senseless
Since this
I've grown up some
Different kind of fighter
And when the darkness come let it inside you
Your darkness is shining
My darkness is shining
Have faith in myself
Truth
I've seen a million numbered doors on the horizon
Now which is the future you choosin' before you gone dying?
I'll tell you 'bout a secret I've been undermining
Every little lie in this world come from dividing
Say you're my lover, say you're my homie
Tilt my chin back, slit my throat, take a bath in my blood, get to know me
All out of my secrets
All my enemies are turning into my teachers
Because, lights blinding, no way dividing what's yours or mine when everything's shining
You darkness is shining, my darkness is shining
Have faith in ourselves
Truth
Yes, I'm only loving, only trying to only love
That's what I'm trying to do is only loving
Yes, I'm only loving, trying only loving, I swear to God
I'm only trying to do the loving
Yes, I'm only lonely, I've been missing all my feeling
Only loving, only loving
You say it ain't loving ain't loving my loving my loving

But I'm only loving, swear only loving, swear to God I'm only loving
Trying only loving, only loving, only loving, only loving, only loving
Yes, I'm only loving, swear only loving, swear to God I'm only loving, only loving
See, I'm only loving, loving, loving, loving, loving my love
But I'm only loving, loving, loving, loving the truth
