

What

Stereomud

Within this hour he'll be higher
Maybe more than he has ever been
Won't be his last time
He lights the fire to pretend
This is something that will never end
Too tired to wait for tomorrowWhat?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another dayWhat?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another dayHe hides in shadows from his silence
In the dark he fools himself again
Won't be his last time
He faces nothing that's his comfort in a place
That he has always been
When he comes down he can't rememberWhat?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another dayWhat?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another daySay when
Say when
Say when
Say when
Say whenTime
He wants some
Time
He needs some

TimeWhat?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another dayWhat?
What takes him away?
Gives him breath to say
What?
Not a thing
Just a lesson for another day
