

Where Were You When I Needed You

The Bangles

Don't botter cryin' don't botter crawlin'
It's all over now no use in stallin'
The love I once felt I don't feel anymore for you
This time I'll even open the door for you You walked out when I was down
Well now I'm well off
And look who's comin' around Where were you when I needed you?
Where were you when I wanted you?
Where were you when I needed you?
Where? You're looking good it's hard to fight it
There's no use explainin' I've already decided
That livin' without you is worse than without ya
I won't spend a lifetime worryin' about you Things got rough and you disappeared
Now I'm back on my feet
And look who's standing there Where were you when I needed you?
Where were you when I wanted you?
Where were you when I needed you?
Where? You were so young and you were so wild
I knew you were nobody's innocent child
The first day I saw you you really got me
I thought I could change you what good did it do me? Things got rough and he couldn't wait
Now you're trippin' back
But babe, it's too late Where were you when I needed you?
Where were you when I wanted you?
Where were you when I needed you?
Where? Where were you when I needed you?
Where were you when I wanted you?
Where were you when I needed you?
Where?
