

Jungle Book

Weather Report

Going back and walking back over
In a jungle
Looking back, walking over
One more thing to look old

Baby, baby, bye bye
Walking back over and over and over
A little bit
Here we go now
I got even more than this
A little bit of sparkling things, babe
Oh, my love

(Little waste of time)

Baby, bye, you sweet little thing
Walking over and over

Ohhh, baby, ohhh, baby, oh no, baby
Hey, hey, even though you're coming
Not the way you're going back
Old love, old love, old love

Woman bless, woman kind
Now you wanna just do something

Oh baby, oh baby, oh papa
Over and over
Oh baby, baby, over, baby, baby, over

Little bit more you hold me
And you're both walking on

Wanna keep on moving away
Hey little lady you're falling over there
Hey lady, you better keep on
Little lady, you better keep on

Little more of this, mama, mama

You got me this one

You gotta run for a bit, my little good one
Right away, mama mama mama mama

Free pumpkin pie, sweet baby
Get it now

Get it now, my baby, baby now
Oh oh oh oh, get it now

Lordy, Lordy, Lordy, Lordy
Get down, get down

Baby, you're a good one
Baby baby, oh my

Baby, you're a good one
Get it now, oh mama mama
Get it over...Aaaaaaahh

Baby, you're a good one
You're in control of my love, God
Let it guide, speed your love to me

Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
Baby, you're a good one
