

# ANTISTAR

## Forbidden Society

Can you lick my wounds please?  
Can you make it numb?  
And kill the pain like Cortizone  
And grant me intimacy  
How'll we split your chromosomes? Yea, more sweet narcosis  
Yea, more sweet narcosis  
(I'll turn a stone, I'll find you)  
Yeah more sweet narcosis  
(I'll turn a stone, I'll find you) I turn a stone I'll find you there  
Into reflected light I'll stare  
You blind me with flash bulbs  
And puzzle me with syllables (Back to sleep)  
Yea, more sweet narcosis  
(I'll turn a stone, I'll find you)  
Yea, more sweet narcosis  
(I'll turn a stone, I'll find you)  
Yeah, more sweet narcosis  
(I'll turn a stone, I'll find you) My head's between my knees again  
Got a needle set to zero  
And you can shoot me hurricanes  
Don't spare me the details Yea, more sweet narcosis  
(I'll turn a stone I'll find you)  
Yea, more sweet narcosis  
(I'll turn a stone I'll find you)  
Yea, more sweet narcosis More sweet  
More sweet  
(Iconography)  
You look great, in bloodstains  
(Fucks with me)
