All Night Long

Carlene Carter

Two, three, fourWell, I've been out all night just a sneakin' around
My feet start itchin' when the sun goes down
Time to come clean, you got the goods on me
But I ain't no angel and it's plain to seeAnd that I love you more than anything in this whole world
When it comes to you, you know that I'm your girl
So let me make it up to you all night longI wasn't doing nothin', honey, you ain't done before, no, no
But I was hipmotized by the swinging doors
I love to party and I love to dance, cha cha
A little wink and a smile don't mean a romanceBaby, I been naughty, now I want to be nice
You need some warmin' up 'cause you're as cold as ice
So let me make it up to you, all night longLet me make it up to you
I wanna wake up with you
I promise that I'll be true blue
And let me make it up to you
Wanna stay up with you
All night long, all night longLet me make it up to you
I wanna wake up with you
I promise that I'll be true blue
And et me make it up to you
Wanna stay up with you
All night long, all night longWell, I love you more than anything in this whole world
And when it comes to you, you know that I'm your girl
So let me make it up to you all night long
And let me make it up to you all night longAll night long, all night long
All night long, yeah, yeah
All night long, all night long
All night long, all night long
