

What the Cowgirls Do

Vince Gill

Have you ever been down to Texas
And down around San Antone?
They love to go all night and treat you right
And party till the cows come homeI love it when they let their hair down
And dance real close to you
You know I'm a sucker, baby, for what the cowgirls do
What the cowgirls doThey ain't no different up in Oklahoma
They ain't afraid to stay up 'til dawn
They love to cut a run and chug a lug
Longnecks until their money's all goneI love it when they let their hair down
And dance real close to you
You know I'm a sucker, baby, for what the cowgirls do
What the cowgirls do, shoot that thingWell, there's cowgirls all across the country
From Baton Rouge to Bangor Maine
It ain't hard to see they'll be the death of me
They're gonna drive my little heart insaneI love it when they let their hair down
And dance real close to you
You know I'm a sucker, baby, for what the cowgirls doI love it when they let their hair down
And dance real close to you
You know I'm a sucker, baby, for what the cowgirls do
What the cowgirls doWhat the cowgirls do
What the cowgirls do
What those cowgirls doWhat the cowgirls do
What the cowgirls do
What the cowgirls do
