

I Don't Wanna Die

Hollywood Undead

I don't wanna die
I don't wanna die
I don't wanna die
So you're gonna have to I don't wanna die
I don't wanna die
No, I don't wanna die
So you're gonna have to Blood is getting hotter
Body's getting colder
Told you once
I'm the only one who holds her I don't wanna die
I don't wanna die
I don't wanna die
So you're gonna have to I look inside of myself
And try to find someone else
Someone who's willing to die
Just to watch you crying for help I know that blood will be spilled
And if you won't, then I will
My grave will never be filled
It's either kill or be killed So let Heaven be told
That some may come, some may go
Where I'll end up, I don't know
But I ain't dying alone I keep on asking the question
"Can I be saved by confession?"
You see this blood on my hands?
At least I still reach into heaven I gotta pick up the pieces
I gotta bury them deep
And when you look in my eyes
I'll be the last thing you'll see I don't wanna die
I don't wanna die
I don't wanna die
So you're gonna have to I don't wanna die
I don't wanna die
No, I don't wanna die
So you're gonna have to Blood is getting hotter
Body's getting colder
Told you once
I'm the only one who holds her I don't wanna die
I don't wanna die
I don't wanna die

So you're gonna have to Words turned into blood
And the blood keeps on pouring
From every pour I wipe it up
'Cause this just could be the moment Now someone's gotta die
And I'm my only opponent
'Cause I won't just watch my baby cry
So I keep on just goin' Am I a man or a beast?
It's mother nature at least
Watch humanity cease
'Cause it's our human disease You gotta kill when you gotta kill
Yeah, that's what they say
And I can't go against God's will
You better pray 'Cause I'm an angel, a demon
Yeah, I'm Hell and I'm Heaven
I'm everything you couldn't be
Now you believe in the devil I gotta pick up the pieces
I gotta bury them deep
And when the dirt hits your coffin
Just go to sleep I don't wanna die
I don't wanna die
I don't wanna die
So you're gonna have to I don't wanna die
I don't wanna die
No, I don't wanna die
So you're gonna have to Blood is getting hotter
Body's getting colder
Told you once
I'm the only one who holds her I don't wanna die
I don't wanna die
I don't wanna die Now that I see, I see you buried six feet below
Another life goes into the night
I couldn't let him breathe
'Cause I didn't wanna die Now that I see, I see you buried six feet below
It's not alright, can't you hear me as I cry?
I couldn't let you live
'Cause I didn't wanna die I don't wanna die
I don't wanna die
No, I don't wanna die
(Wanna die) I don't wanna die
I don't wanna die
I don't wanna die
So you're gonna have to I don't wanna die
I don't wanna die
No, I don't wanna die
So you're gonna have to (I don't wanna die

I don't wanna die
So you're gonna have to
I don't wanna die
I don't wanna die)(You didn't have to die)
