

Open Fire

Kate Boy

You're a riot, but the quiet in me sometimes needing a shake.
Dancing circles, but the wild and free sometimes needing to chase.
As I run, I become something that I always want to be.
And the closer the sun, the less like?[CHOURS]
I keep myself in open fire for you, I'll do it again.
In the perfect.....? I like the way... ?
But I still do, do it all again.

Ahhhh---ahhhhhh..Oh.. High and loooooooooooooow.Elevating, spreading wings in me, that I'm not gonna clip.
Estimated, it's blank courage I see, I'm expected to trip.
As we fly, I decide it's worth every risk I take.
If I know all the hights, and I don't need to dream away[CHOURS]I'm for everything, forever bound. We can
stretch out, ... cage, for the hearts crown..?Through everything, through thick and thin, I am burning
out.[CHOURS]
