

# Love You With All My Heart

[Sara Evans](#)

I can feel you watchin', I can feel your eyes on me  
I can hear you whisper and I just get so weak  
But I'm a little bit scared, it's been a long time  
Since I let my guard down and let someone inside  
You don't need to wonder, 'cause tonight you'll get it all

## Chorus

When the night closes in, I'm gonna pull you so close  
Hold you so tight, gonna let it all go  
And you can do what you want, you can take me right here  
'Cause I knew from the start I was gonna love you with all my heart

You take my hand now, and I'm ready to begin  
Though it makes me crazy when your fingers touch my skin  
And I know what you want and you know what I need  
There's no reason to pretend that we don't know what this means

>>repeat chorus

I'm gonna rock you, baby  
And take away your maybe  
And you can rest here in these open arms

>>repeat chorus

I was gonna love you with all my heart  
I was gonna love you with all my heart  
I can feel you watchin', I can feel your eyes on me
