

# Piercing

## Zeca Baleiro

Living in fear is not what you had in mind for me

But holding to you is so hard,

I cling to what I see

CHORUS(\*):

In a world where my emotions

Seem to rule my every move

They will challenge my devotion

To seek and know the truth

CHORUS:

You're piercing me

This self will bleed

You're killing all of my securities

Lord, help me see the reality

That all I'll ever need is You

Here in this haze a distant light seems to draw me near

But in the shadow of my doubt

My faith just disappears

CHORUS(\*)

CHORUS(3x)
