

Winter (cover by Ericka Janes)

Kina Grannis

How long?
How long must it go on this way?
You give me no choice but to stay
There's no use in crying I'm dried up I try
I'm trying my hardest to be
Exactly and all that you need
I'm standing up tall do you see me You were the one
You were the one who picked me
What have we become
Now have we begun our ending How do you know when it's over?
I have been withered since winter
Waiting for love like it's water
But I can't pretend any longer
Tell me it's over
Love is it over now?
Tell me it's over Please
You told me that you'd never leave
Now our love has lost all its leaves
The distance is worse when you're near me So go
It's hurts more to fall apart slow
To dream about warmth in the cold
Now I'm nothing more than a whisper You were the one
You were the one who picked me
What have we become
Now have we begun our ending How do you know when it's over?
I have been withered since winter
Waiting for love like it's water
But I can't pretend any longer
Tell me it's over
Love is it over now?
Tell me it's over We made it all these years
And no they were not wasted
No life was lost right here
If love is what we tasted How do you know when it's over?
I have been withered since winter
Waiting for love like it's water
But I can't pretend any longer
Tell me it's over
Love is it over now?

Tell me it's overHow do you know when it's over?
How do you know when it's over?
How do you know when it's over?
I have been withered since winter
