# Shine So Bright

## Teddy Thompson

I wanna be a huge star
That hangs out in hotel bars
I wanna wake up at noon
In somebody else's roomI wanna shine so bright it hurtsI wanna be death bed thin
Never realize the state I'm in
With my head in the clouds
And be followed around by crowdsI wanna shine so bright it hurtsI wanna be high strung
Make people wonder what they've done
No one will talk back
'Cause you'll never know when it might snapI wanna shine so bright it hurts
I wanna shine so bright it hurts
I wanna shine so bright it hurts
