This Is Not The End

The Bravery

Tell me
Come on tell me what you can
Even as you wait for death your wiser than I am
Tell me what does it mean to exist
I am not a scientist I must believe there's more to this
And I can not accept
That everything is real
Is only what our eyes can see
And our hands can feel

[Chorus:]
Not even earth can hold us
Not even life controls us
Not even the ground can keep us down
The memories in my head
Are just as real the time we spent
You always be close to me
My friend
This is not the end

I see
I can see your so afraid
We are like the silver herd on you even feel obscured
I wish, I wish I had some words to give
But all I can think to say
Is I will be with you everyday

[Chorus]

La la la la la la la
This is not the end
La la la la la la la
This is not the end
La la la la la la la
This is not the end
La la la la la la la

I don't care
I don't care what you believe
As long as you are in my heart

You're just as real as me
Maybe even more
And one has touched so many lives
And never never die

[Chorus]

La la la la la la la
This is not the end
La la la la la la la
This is not the end
La la la la la la la
This is not the end
