Heart's On Fire

Sidewalk Prophets

I want to see Your face
As clear as the midnight stars
I want to feel Your love
Like a train running through my heartI want to hear Your voice
Louder than a cannon blast
I want to chase after You
Never, ever looking back[Chorus:]
Maker of All
I want to know You
You are the flame
My hearts on fire
Just like the sun
Tears through the darkness
Im burning for You
My hearts on fireI want to write to You
My story for a King
I want to play for You
My greatest symphonyI want to sing to You
The song of souls set free
I want to live for You
Just like You died for me[Chorus]Yes, it isInto Your ocean
Into the flood
I want to fall so deep in Your love
Into Your ocean
Into the flood
I want to fall so deep in Your loveI want to know You
You are the flame
My hearts on fire
Just like the sun
Tears through the darkness
Im burning for You
My hearts on fireIm burning for you
My hearts on fire
