# If After All

## Common Holly

Let's take this one day at a time
No more assumptions
I have no reason

Let's take this one day at a time
No more oblivion
I have no reason
I won't remember

If after all we're doing fine, I'm breathing every single time
I have no reason to be blind
I have no reason to be blind

No more demons
Never ever

If after all of it I haven't learned yet
If after all of it I haven't learned yet
I'll learn it, till I forget

(I will always forget)
(Any way you spin it)
(I will always forget
(Any way you spin it)
(I will always forget)
(Any way you spin it)
(I will always forget
(Any way you spin it)
