You Left Me

Nicsz

oh, you left me with a broken heart
And now I see you as I should of from the start
Oh, you left me with nothing but a kiss
And now I'm leaving you with these lips
These lips
Everything looked fine from here
Everything looked more than clear
But now you are gone
And I'm still here
So check it out (so check it out)
I wrote it down (I wrote it down)
In case you ever left us out
And baby you can find me
'Cause I quit right now
Oh, you left me with a broken heart
And now I see you as I should of from the start
Oh, you left me with nothing but a kiss
And now I'm leaving you with these lips
Whoa whoa (You left me)
Whoa whoa (You left me)
Whoa whoa (You left me)
whoa whoa (Baby, baby)
Whoa whoa (You left me)
Whoa whoa (You left me)
Whoa whoa (You left me)
whoa whoa (Baby, baby)
So now I'm pressin'
But I ain't stressin'
She's got a man
I'm with her best friend
Tried at love but it never really stuck
She said it's love but I didn't give a fuck

Oh, you left me with a broken heart
And now I see you as I should of from the start
Oh, you left me with nothing but a kiss
And now I'm leaving you with these lips
Whoa whoa (You left me)
Whoa whoa (You left me)

Whoa whoa (You left me)
whoa whoa (Baby, baby)
Whoa whoa (You left me)
Whoa whoa (You left me)
Whoa whoa (You left me)
whoa whoa (Baby, baby)
You left me
You left me
Baby
And now I'm better cause you left me
I just left 'cause you let me
Don't keep calling, just forget me
Don't keep calling, just forget
Oh, you left me with a broken heart
And now I see you as I should of from the start
Oh, you left me with nothing but a kiss
And now I'm leaving you with these lips
Whoa whoa (You left me)
Whoa whoa (You left me)
Whoa whoa (You left me)
whoa whoa (Baby, baby)
Whoa whoa (You left me)
Whoa whoa (You left me)
Whoa whoa (You left me)
whoa whoa (Baby, baby)
