

You Left Me

Nicsz

oh, you left me with a broken heart
And now I see you as I should of from the start
Oh, you left me with nothing but a kiss
And now I'm leaving you with these lips
 These lips
 Everything looked fine from here
 Everything looked more than clear
 But now you are gone
 And I'm still here
 So check it out (so check it out)
 I wrote it down (I wrote it down)
 In case you ever left us out
 And baby you can find me
 'Cause I quit right now
Oh, you left me with a broken heart
And now I see you as I should of from the start
Oh, you left me with nothing but a kiss
And now I'm leaving you with these lips
 Whoa whoa (You left me)
 Whoa whoa (You left me)
 Whoa whoa (You left me)
 whoa whoa (Baby, baby)
 Whoa whoa (You left me)
 Whoa whoa (You left me)
 Whoa whoa (You left me)
 whoa whoa (Baby, baby)
 So now I'm pressin'
 But I ain't stressin'
 She's got a man
 I'm with her best friend
 Tried at love but it never really stuck
 She said it's love but I didn't give a fuck

Oh, you left me with a broken heart
And now I see you as I should of from the start
Oh, you left me with nothing but a kiss
And now I'm leaving you with these lips
 Whoa whoa (You left me)
 Whoa whoa (You left me)

Whoa whoa (You left me)

whoa whoa (Baby, baby)

Whoa whoa (You left me)

Whoa whoa (You left me)

Whoa whoa (You left me)

whoa whoa (Baby, baby)

You left me

You left me

Baby

And now I'm better cause you left me

I just left 'cause you let me

Don't keep calling, just forget me

Don't keep calling, just forget

Oh, you left me with a broken heart

And now I see you as I should of from the start

Oh, you left me with nothing but a kiss

And now I'm leaving you with these lips

Whoa whoa (You left me)

Whoa whoa (You left me)

Whoa whoa (You left me)

whoa whoa (Baby, baby)

Whoa whoa (You left me)

Whoa whoa (You left me)

Whoa whoa (You left me)

whoa whoa (Baby, baby)
