

Motorcycle Drive By (2006 Remastered LP Version)

Third Eye Blind

Summer time and the wind is blowing outside
In lower Chelsea and I don't know
What I'm doing in this city
The sun is always in my eyes
It crashes through the windows
And I'm sleeping on the couch
When I came to visit you
That's when I knew I could never
Have you I knew that before you did
Still I'm the one who's stupid
And there's this burning
Like there's always been
I never been so alone
And I've never been so alive
Visions of you on a motorcycle drive by
The cigarette ash flies in your eyes
And you don't mind, you smile
And say the world doesn't fit with you I don't believe you, you're so serene
Careening through the universe
Your axis on a tilt, you're guiltless and free
I hope you take a piece of me with you
And there's things I'd like to do
That you don't believe in
I would like to build something
But you never see it happen
And there's this burning
Like there's always been
I've never been so alone
And I've, I've never been so alive
And there's this burning
There is this burning
Where's the soul I want to know
New York City is evil The surface is everything but I could never do that
Someone would see through that
And this is our last time
We'll be friends again
I'll get over you, you'll wonder who I am
And there's this burning
Just like there's always been

I've never been so alone alone
And I've, and I've never been so alive
So alive
