# See You Around

## Runner Runner

I'm driving, I'm flying
I'm headed some place new
You're distant, I'm faded
My heart is black and blue
Remember last summer
Chasing after you
The warm nights, the moonlight
I never had a clue
I tried to make this easy
I tried to understand
You keep it undercover
You keep it if you can
When I see you around
Don't say anything
Don't say anything
'Cause I don't wanna know
When I see you around
Don't say anything
Don't say anything
No offense to you
The winter it made you
A frozen memory
I heard all your secrets
And how it's gonna be
You looked me in the eyes
And tell me how it feels
I should have known I was dreaming
Believing you were real
When I see you around
Don't say anything
Don't say anything
'Cause I don't wanna know
When I see you around
Don't say anything
Don't say anything
No offense to you
You can't hide behind those eyes
I've seen through all the lies
I won't give it one more try

And you know I never will
You know I never will
When I see you around
Don't say anything
Don't say anything
When I see you around
Don't say anything
Don't say anything
'Cause I don't wanna know
When I see you around
Don't say anything
Don't say anything
When I see you around
Don't say anything
Don't say anything
'Cause I don't wanna know
When I see you around
Don't say anything
Don't say anything
