

Where Is Micah?

Five Iron Frenzy

It's five minutes from the show,
So where the heck did Micah go?
I don't know, he's not around,
I didn't hear him make a sound.
His whereabouts we could not find,
I think we left him behind.
Have you seen him?
Micah, where did Micah go?
Micah, should be at our show,
Micah, guess that we should find him,
Micah, 'cause we kind of like him here.
Poor John Walsh his heart is bleeding,
"Have You Seen Me?" milk jugs reading:
Does this face ring a bell,
Is he lost inside some well?
I think we left him at the show,
I think we left him in Toledo.
Have you seen him?
Micah, where did Micah go?
Micah, should be at our show,
Micah, guess that we should find him,
Micah, 'cause we kind of like him--
We've got a roll of duct-tape for,
Next time he tries to run away.
Come on Micah, it's time for your feeding,
Do you want another senseless beating?
Micah, where did Micah go?
Micah, should be at our show,
Micah, guess that we should find him,
Micah, 'cause we kind of like him here.
