

# 1000 Miles Per Hour

## OK Go

Another long quiet night  
Another long quiet, lonely night, oh spent at your side  
Not a lot left to say  
There's not a lot that I still could say, oh to change your mind  
With a little bit of money we could buy us a car  
With a little luck we could get away from where we are  
Let's get out of here  
We'll drive, one thousand miles an hour  
We'll fly by wheat fields and water towers  
We'll go, we'll go and we'll go and we'll go  
Let's go, let's go, let's go  
Let's go  
Now the look in your eye  
You know, the look right before you cry, oh it's always here  
So in the day when you wake  
In the morning when you awake, oh let's disappear  
With a little bit of money we could buy us a car  
With a little luck we could get away from where we are  
Let's get out of here  
We'll drive, one thousand miles an hour  
We'll fly by wheat fields and water towers  
We'll go, we'll go and we'll go and we'll go  
Let's go, let's go, let's go  
Let's go  
We'll drive, one thousand miles an hour  
We'll fly by wheat fields and water towers  
We'll go, we'll go and we'll go and we'll go  
Let's go, let's go, let's go  
Let's go, let's go, let's go  
Let's go
