From a Distance

Phil Coulter

From a distance the world looks blue and green
And the snow capped mountains white
From a distance the ocean meets the stream
And the eagle takes to flightFrom a distance, there is harmony
And it echoes through the land
It's the voice of hope, it's the voice of peace
It's the voice of every manFrom a distance we all have enough
And no one is in need
There are no guns, no bombs, no diseases
No hungry mouths to feedFrom a distance we are instruments
Marching in a common band
Playing songs of hope, playing songs of peace
They're the songs of every manGod is watching us
God is watching us
God is watching us from a distanceFrom a distance you look like my friend
Even though we are at war
From a distance I can't comprehend
What all this war is forFrom a distance there is harmony
And it echoes through the land
It's the hope of hopes, it's the love of loves
It's the heart of every manIt's the hope of hopes, it's the love of loves
It's the song of every man
It's the song of everyone
