

Bugman

Blur

I am an ex offender
They let me out in the summer
I think I was in a coma
I didn't know what to do, oh no
You go hang around go round
I'll watch myself hang on
Look out for the Bugman
You go hang around around
I'll watch myself hang on
Look out for the Bugman
I got no sense of existence
I know the nodding dogs
I go out in the city
I stay away from the bugs, oh yeah

You go hang around around
I watch myself hang on
Look out for the Bugman
You go hang around around
I watch myself hang on
Look out for the Bugman
The bu uh uh ug man
I go out in the city
I stay away from the bugs, oh yeah
Na na na na, oh oh
I go out in the city
