Line Them All Up

Black Mountain

Once the fire went out [?]
And the slower you move the faster it comes
Midnight into the setting sun
How come you never run
Living life until the gun
[?] it would never believe
It's such a costNo one's listening hurricane
God's gone missing, into flames
It's what our memories made
When all that seems to be clouding our dreams
Come into the sun
Be the kind that shines with a [?]
Make it right
No one's listening hurricane
God's gone missing, into flames
It's what our memories made
We live our lives to explainWhen all that seems to be clouding our dreams
Come into the sun
