

Don't Wanna Be Your Girl

Wet

[Intro]

It's just not right[Hook]

I don't wanna be your girl no more

I just wanna see your face at home[Verse 1]

You can't do me right

So I, decide that

I don't wanna be your girl no more, no

I just wanna see you up and out

Out of the door

I'm not living right

So I, decide that

I don't wanna be your girl no more

I won't hide the ways, I've tried

It's just it not right

It's killing me tonight

So
