It's a Long Drive

The Forecast

This trust is broken
We have less to depend on
A sincere feeling of being defeatedWe're growing tired
Of waiting and wishing
And throwing our coins
Down to the fountainCome home quickly
But please drive safely
Come home in one piece
(In one piece)Just say that you miss me
And please come home quickly
I just need you in my armsWe have put in long nights
Where we can't even stand up
We've made our beds
By where our heads lieWe're cutting teeth on dreams of excess
With rolled up sleeves
We're bound to push onCome home quickly
But please drive safely
Come home in one piece
(In one piece)Just say that you miss me
And please come home quickly
I just need you in my armsCome home quickly
But please drive safely
Come home in one piece
(In one piece)Just say that you miss me
And please come home quickly
I just need you in my armsCome home quickly
But please drive safely
Come home in one piece
(In one piece)Just say that you miss me
And please come home quickly
I just need you in my arms
