Perfectly Done

Shawn McDonald

Hey, little sister Why do you cry? Holdin' your head so low May I ask you why? And dont you know that He loves you? And dont you know that He cares? And He will never leave you, no And never leave you thereCause you are perfect You are perfectly, perfectly doneAnd hey, little brother I know life has been rough But I believe in you Cause in God, you are toughYou must stand tall And leave it all Never let this whole world Take away your soulCause you are perfect You are perfectly, perfectly done You are perfect, yes, you are perfectly done
