

# Generation Day

## Godsmack

Revelations of the mind  
Destination changing all the tides  
Hate the way, speed of light  
Innocent cannot feel this fight or get it right  
Falling away, a generation dies  
And going in to the new times  
Generation day, shot!  
Situation coming strong  
Premonition, spinning worlds along  
Don't you see, it's do or die  
Cannot be dead, cannot tear it down to make it right  
Falling away, a generation dies  
And going in to the new times  
Generation day, shot!  
Shot!  
Falling away, a generation dies  
And going in to the new times  
Generation day, shot!  
Generation day, shot!
