

Pulls You Under

[**Kate Pierson**](#)

Light smiles on my friend
Diamonds in your eyes
Swans swim in your soul
You palms to the sky
Their voices in your heart
That burn to the ear
The prison is your skin
It captures you here I am here for you, all heart and all time
Oh, I ain't goin nowhere
I'm along for the ride
Pulls you under and you beg
Pulls you under and you beg
(Beg for peace to come) I'm on your side friend
with my rainbow voice
It's written in silver
It's written with joy
Say goodbye to your torment
The rivers you cried
The prison is your skin
But you shed it tonight
I am here for you, all heart and all time
Oh, I ain't goin nowhere
I'm along for the ride Pulls you under and you beg
Pulls you under and you beg
(Beg for peace to come)
Pulls you under and you beg
Pulls you under and you beg
(Beg for peace to come)
Pulls you under and you beg
Pulls you under and you beg
(Beg for peace to come)
