

Rollercoaster

Alyssa Reid

Hey, why you always getting lit
Why you always talking shit
Why you say you can't commit
But talking to me like, yo
Girl you look so fine
And you know you're on my mind
So why are we wasting time Oh no don't be long, boy it's getting late
and I'm holding on, I said
Oh no don't be long, better treat me right
What ya mother teach ya? Come on take a ride on my roller coaster
Take you up high just to let you down
Get ready for the ride cause I'm coming over
Come on take a ride on my roller coaster
(2x) Come on take a ride (come on take a ride)
Come on take a ride (come on take a ride)
Come on take a ride (come on take a ride)
Come on take a ride on my roller coaster Hey, why you always getting mad
Why you always in my head
Boy I love it when your bad
But talking to me like, yo
Girl you look so fine
And you know you're on my mind
So why are we wasting time Oh no don't be long, boy it's getting late
and I'm holding on, I said
Oh no don't be long, better treat me right
What ya mother teach ya? Come on take a ride on my roller coaster
Take you up high just to let you down
Get ready for the ride cause I'm coming over
Come on take a ride on my roller coaster
(2x) Come on take a ride (come on take a ride)
Come on take a ride (come on take a ride)
Come on take a ride (come on take a ride)
Come on take a ride on my roller coaster
(2x) And I said, are you holding on
Oh, we're going down
You ready? You ready? Come on take a ride (3x) Come on take a ride on my roller coaster
Take you up high just to let you down
Get ready for the ride cause I'm coming over
Come on take a ride on my roller coaster

(2x)Come on take a ride (come on take a ride)
Come on take a ride (come on take a ride)
Come on take a ride (come on take a ride)
Come on take a ride on my roller coaster
(2x)
