

# Say So

## Sara Watkins

Enough is enough  
Come back to us  
We can't have lost you yet  
We can't have lost you yet  
The flame in your eyes  
Is dimmed by this disguise  
That you've had on too long  
Yeah, you kept it on too long  
But the flame's not gone  
Not if you say so  
Home, home is where you say it is  
Deep, deep as you can dig for it  
When you're ready to begin, say so  
Just say so  
Hands spin around the clock  
But one day they will stop  
And you're running headlong in  
Racing to your end  
Well, time is yours to burn  
But the key is yours to turn  
Some will watch and wait  
Free of mistakes  
But what do they know?  
Oh, what do they know?  
Home, home is where you say it is  
Deep, deep as you can dig for it  
When you're ready to begin, say so  
Show, show yourself the way to live  
Hear, hear the words from your own lips  
Tell yourself you're up for this, say so  
Home, home is where you say it is  
Deep, deep as you can dig for it  
When you're ready to begin, say so  
Show, show yourself the way to live  
Hear, hear the words from your own lips  
Tell yourself you're up for this, say so  
Just say so  
Say so, say so, say so  
Haven't lost you yet, haven't lost you yet  
Haven't lost you yet, haven't lost you yet  
Say so, say so, just say so, say so
