

Politics

Karl Wallinger

[Chorus: Cee-Lo, Royce the 5'9"] Give me a mountain. Give me a sea
Put your mind on wonderland, be what you want to be. Wooow

It's Politics. Ha my nigga
Politics. Ha my nigga
Politics. Ha my nigga
Politics. Ha my nigga
Politics. Ha my nigga
Politics. Ha my nigga
Politics. Ha my nigga
Politics. Ha my nigga

[Royce Da 5'9"] Seven years and countin, I've been accounting

For unaccountable rap problems
'Cause accountant countin his rap dollars
The ice watch on the sleeve of the white collar
Leanin like the Pisa towser, he's in power
Standing on top of the black bottom
You should pack up now that the dirty glove is with me
Take your hat off inside of the mitten when you spittin
'Cause you can get it for sure
Your whole rap clapped up out you
If I don't get you back up
Got you in a morgue sittin stiff in the drawer
Niggaz I can't be caught, I can't be bought
They call me the anti-core, anti-talk
Anti, when it comes to gettin the kind of hugs
That come from a fake thug
That show me a sign of love
Who am I to judge but you would not out of love
Walk up if I was washed up like a Tsunami flood
I ain't trying to bug
But that's why you got to shove
Come on..

[Chorus][Royce Da 5'9"] Excuse me while I school them on how to pay these dues
Tell whoever jealous and want to slay me, cool
The whole game got the old bland of Mercedes blues
Everybody wanna fill Jay-Z shoes
I call it the Ferrari sniffs, the Phantom flu
'Cause y'all sick, what already exists, can't be you

I told y'all niggaz in oh-two that I can't be touched
 Yo bitch call me sugar dick with the candy nuts
 But ain't shit sweet, don't get it twisted
 I'll beat yo ass, I don't need wine, I don't need cash
 I'll stick a sock in any nigga mouth in any market
 If he talkin, he a target, walk in his apartment
 While he drinkin, spark him 'til he leakin, coughin Remy Martin
 'Cause if I flip my lid, you'd have to toss him in the garbage
 Is nothin to toughen you out, fuck is you frontin about
 We cuttin you in, I'm cuttin you out
 [Chorus][Royce Da 5'9"]Royce five nine is a prophet, in every sense of the word
 Superb finisher, administer words like ministers
 The tall tales of the low sales of a poet
 Centuries rolled up in the pen that he holds up
 He holds it to holy grail, when he saw the soul
 he was since told his flows, the Davinci code decoded
 Since chosen, he prays harder
 But everytime he spot a rival revolvers inside
 His bible like, Gregory Heins with the rage of Harlem
 Po-po's harder, team free-on, we so cold
 Red like beam be on sight, we got weed neon green
 We got a one yay, Celine Deion white, green
 Your last breath, you about five heartbeats away from death
 'Cause you the leon type, so muahh
 Make you rest in peace
 No more records bein sold, less is me
 Five nine, unsigned
 [Chorus][Spoken Word - Royce]Yeahh, Royce Da 5'9", my nigga Nottz
 This is a M.I.C and teams with collaboration
 Ladies and gentleman, I would like to introduce to you, Cee-Lo Green. Let's go
 [Royce and Cee-Lo]Give me a mountain. (Dream my nigga). Give me a sea
 (All my niggaz dealin with the politics). Put your mind on wonderland
 (I smell you my nigga). Be what you want to be. (Dream my nigga)
 It's politics my nigga. [repeat 8X]
