## Ginuwine

You think you know but you have  
No clue, no idea  
You don't know G  
I mean you really really don't know G  
Niggas get ready, it's time to explore  
The world of the real one  
Niggas get ready  
Niggas get ready, it's time to explore  
The world of the real one  
Niggas get ready, niggas get ready  
Hell, yeah ya better get ready  
What's cracka lankin', it's the big dog  
I'm in the hizzle with my nizzle, gin u izzle  
And I mean from playa to playa  
It's only right if I gots to pass the throne  
I gots to it to my nephew G  
He's bonafide, qualified and the ladies would definitely testify  
Matter fact G holla at the nephew  
Pass the hennessey, I'm about to get bent  
Toss the box of blunts, let me roll the upper lip  
Don't make me pop them thangs  
'Cause I gets off the chain  
You don't know me but you're 'bout to  
It's the real me and I thought you knew  
Niggas get ready, it's time to explore  
The world of the real one  
Niggas get ready  
Niggas get ready, it's time to explore  
The world of the real one  
Niggas get ready, niggas get ready  
I mean, I mean ginuwine is so official

Better yet like a gangsta with a pistol  
So you niggas, better get ready

Pass the Hennessey, I'm about to get bent  
Toss the box of blunts, let me roll the upper lip
