

My Father's Child

Planetshakers

I hear you call for my return love has sent for me
I see you run with open arms, my heart is undone
You won't withhold, you never withhold.. from me

I am my Father's child, I belong to the God Most High
I don't have to be afraid for your love is here to stay

Every mistake vanish your ways of your powerful grace
Freedom at last released from the past, my heart is undone
You won't withhold, you never withhold.. from me

I am my Father's child, I belong to the God Most High
I don't have to be afraid for your love is here to stay
I am my Father's child, I was bought with a highest price
I don't have to be ashamed for your love is here to stay

Always, always, Father you are with me, Father you are for me
Always, always, Father I will worship, Father I adore you
